LANDSCAPE DEPARTMENT

OUTDOOR LIVING

To fully appreciate our modern homes, all the necessary facilities should be provided for outdoor relaxation.

Much of our leisure time can be spent in the fresh air and sunshine. Privacy may be obtained by planting a shrub or evergreen border. Roses, peonies, etc., can be added for refinement and color.

An evergreen foundation planting can add greatly to the value and beauty of your home, and by proper selection the plants will never obscure vision or become overgrown.

GARDEN ORNAMENTS, STATUES, BIRDBATHS, ETC.

We can furnish a wonderful line of garden ornaments from the best sources. Please write or stop at our office.

BALLING AND BURLAPPING SCHEDULE

If balling and burlapping is desired for materials other than Evergreens and items not listed B & B, the following balling and burlapping schedule, which is net, will guide.

Shrubs and Dwarf Trees		Shade Trees	
1½-3 ft.	\$.60	1¼-1½ in.	\$ 2.50
3-4 ft.	1.00	1½-1¾ in.	3.00
4-5 ft.	1.45	1¾-2 in.	4.00
5-6 ft.	1.75	2-2½ in.	6.00
6-7 ft.	2.50	2½-3 in.	8.20
7-8 ft.	3.50	3-3½ in.	11.00
8-9 ft.	4.70	3½-4 in.	17.00
9-10 ft.	6.10	4-4½ in.	25.50
		4½-5 in.	34.00
		5-5½ in.	44.00

LARGE TREE MOVING

We are equipped to move large trees during the winter season; if interested please call or write.

ILLUSTRATED GARDEN TALKS

We have available interesting color slides on several subjects for lectures before garden clubs and other groups. Write for further information.

Fine Evergreens

Evergreens have always been one of our specialties. The quality of our soil permits digging with a solid ball of earth, and frequent transplanting or rootpruning develops the fine root-system so essential to successful transplanting.

All evergreens listed here will be supplied with ball of earth (B & B).

JUNIPERUS

While the Pfitzer Juniper tolerates shade quite well, the family in general likes sun and can stand dry, hot situations.

	Each	10 Rate
chinensis columnaris (Blue columnar Juniper)

Pseudotsuga taxifolia (Douglas Fir)		
1½-2 ft.	3.00	2.75
2-3 ft.	4.50	4.25
3-4 ft.	6.50	

TAXUS (Yew)

Over twenty years ago, when the Yew was little used in the Middle West, we made plantings of this valuable evergreen, convinced that it would become the leading evergreen in the Middle West if not in the entire North. Constant trials gave us a thorough knowledge of this plant in midwest conditions and we now possess one of the finest collections. *Taxus* will grow under most conditions: while evergreens usually prefer sun, it does especially well in shade and stands city conditions better than any other evergreen of which we know. It also makes a beautiful hedge and can be trimmed into nearly any form. *Taxus* likes a rich loam; if soil is stiff clay, it is advisable to add peat moss. A good helping of rotted cow manure or Driconure mixed with the soil around the plant is very beneficial.

cuspidata (Spreading Yew)

12-15 inch	3.50	3.25
15-18 inch	5.00	4.75
1½-2 ft.	6.50	6.40
2-2½ ft.	8.00	7.90

cuspidata Browni. Grows in globe form.

15-18 inch	5.00	4.90
1½-2 ft.	7.50	7.40

cuspidata capitata. Upright growing.

6-6½ ft.	45.00	
6½-7 ft.	55.00	
7-8 ft.	65.00	

cuspidata nana (Dwarf Yew)

10-12 inch	3.00	2.90
12-15 inch	3.75	3.65
15-18 inch	4.75	
1½-2 ft.	6.75	

densiformis. A beautiful new *Taxus*, forming a dense, spreading plant.

12-15 inch	3.75	
15-18 inch	5.50	
1½-2 ft.	6.75	

Hunnewelliana. Vase-shaped Yew.

2½-3 ft.	15.00	14.90
3-3½ ft.	17.50	

intermedia. Finest of all Spreading *Taxus*.

12-15 inch	3.75	3.65
15-18 inch	5.50	5.40

OUR "STARTED" GARDEN ROSES A PLAN ORIGINATED FOR YOUR CONVENIENCE AND PLEASURE.

Sturdy two year old Northern Grown Roses, started during winter months in large six inch pots. By the time you get them (from May 1st on) they are thoroughly rooted and often already budded. You tip them out of the pot and plant them in your garden for **immediate results**. No fatalities in these "started" roses.

Our roses are almost a season ahead of ordinary dormant plants and besides, you can plant them any-time you please. However, it is well to place your order as soon as possible.

NEWEST AND FINEST STANDARD VARIETIES.

We admit that we are fond of roses and that we take much pride in our assortment. We try all promising introductions and if suitable to this climate and of outstanding value, we offer them to you.

\$1.60 and \$1.75 each.

Our "SPECIAL DOZEN"\$18.00

**PLEASE ASK FOR OUR
COLOR ILLUSTRATED FOLDER.**

FRENCH HYBRID LILACS and SPECIES

"ON THEIR OWN ROOTS"

For this year we are able to offer French Hybrid Lilacs to color only.

	Each	10 Rate

LILAC SPECIES

chinensis Saugeana. Much like Persian Lilac but flowers are of a deeper lavender.		
2-2½ ft.	1.25	1.15
Prestonae Desdemona. Single pink.		
2-3 ft.	1.75	1.40
Prestonae Sylvia. Single pink.		
3-4 ft.	2.00	
rothomagensis (Chinese Lilac) Deep lavender blossoms.		
2-3 ft.	1.25	1.20
Sweginzowi albida. The flowers of this new hybrid resemble clusters of pink pearls. It is a cross between S. Sweginzowii Superba and S. Wilsonii. Tall slender stems of a dark bronze color, lenticellate, carrying a profusion of much branched panicles of the most elegant character. The large long tubed flowers with reflexed lobes are of a delicate pale pink, passing to white, very sweet-scented.		
3-4 ft.	1.25	1.20
4-5 ft.	1.75	1.65
vulgaris (Common Lilac)		
3-4 ft.	1.25	1.20

ROSE-FLOWERING CHERRIES

Kwanzan (Sekizan). Double old rose blooms.	
4-5 ft.	2.50
Mt. Fuji. The finest double white flowering cherry.	..
4-5 ft.	2.50

CHINESE FLOWERING CRABAPPLES

These graceful plants add a profusion of color to the garden in spring and brighten the fall picture with brilliantly colored fruit in shades of green, yellow, orange, scarlet, maroon, and crimson.

We grow most of our flowering crabs in bushform; if desirable this form can later be pruned to form picturesque tree shape.

	Each	10 Rate
atrosanguinea (Carmine Crab). Crimson bloom, yellowish apricot fruit.		
3-4 ft.	2.00	
4-5 ft.	3.50	
baccata. Early bloomer with pure white flowers.		
2-3 ft.	1.00	.90
5-6 ft.	3.00	2.90
gloriosa. NEW; profusion of large rosy wine-red blossoms.

By following the sketch and planting key you can do your own planting. Stock will all be freshly dug and easy to handle.

GENERAL INFORMATION

PRICES in this list cancel all previous listings and are subject to change without notice. MICHIGAN STATE SALES TAX IS TO BE ADDED TO ORDERS FROM WITHIN THE STATE.

HARDINESS OF STOCK. Grown in the heart of Michigan, our materials are extremely hardy.

STATE INSPECTED. Our nurseries are certified by the State of Michigan to be free from dangerous insects and dangerously contagious tree and plant diseases.

TERMS. Cash, unless other written arrangements are made at time of acceptance of order. Customers with established credit: 30 days net.

CLAIMS. When stock is not delivered by our truck, our responsibility ceases upon delivery of stock in good condition to transportation company. Claims for damage while stock is in transit should be made promptly to the transportation company.

GUARANTEE. Our stock is guaranteed to be true to name and of the quality and size described in this list. Since we have no control over planting or weather conditions, our responsibility ceases there. Stock planted and supplied by us will be replaced at half price if dead from natural causes before August 1st after the previous fall or spring of planting, provided the materials have received normal care, and provided payments have been made as arranged. Due to the labor scarcity, we must charge for labor of planting replacements. Shade Trees planted by us with frozen ball of earth, will, in case of death before August 1st after planting, be replaced at half prevailing price or half of purchase price will be refunded if we cannot duplicate original purchase. This guarantee excludes fatalities from tornado, severe drought, abnormal winter or other conditions over which we have no control. In no case shall we be responsible for more than the amount originally paid for the merchandise.

Above General Information refers only to stock sold at retail.

SUNDAYS. Closed Sundays except by appointment.

ONE VIGOROUS PLANT
that you know will thrive, and
bloom true to description, is
worth any amount of poor
plants no matter how little
you pay for them.

N. I. W. KRIEK,
The Cottage Gardens.
